INARCHI COMES TO LIFE AS MEMBER OF THE MANOOI GROUP

The designers responsible for the explosive success of the Manooi brand have made their new vision come to life, standing as minimalist complement to the Manooi range of luxury crystal chandeliers. "Leveraging the years of experience in manufacturing and distributing premium-class chandeliers, we decided to bring the Inarchi product line to life" explains Lead Designer, Janos Heder.

„These designs have been in our minds for the last two years or so, but the time, when we could make these product reality has come now. We are filled with multitudes of ideas, and now, beside the innovation and forward thinking that we bring into Manooi, we have a whole new World to shape and form, under the Inarchi brand. It is truly an uplifting feeling to have this project come to life - when the goal is clear, and the process of creation seems as organic as a flow of thoughts."

SASSO

Suspended luminaire or wall sconce made from marble with high-performance LED lights.

Created with elegance in mind, the smooth outline of this element makes it a beautiful, warm and welcoming complement to any space. The LED light source delivers a characteristic, indirect light, discreetly pointing out the mesmerising beauty of the unique patterns.

The suspended variant is available both in carrara, which delivers a matte finish, and bronze amani, which is glossy in solitary application, and matte in composition.

These familiar, friendly shapes create a feeling of welcomeness and serenity in any application.
